Emirates Golf clubs – Majlis

The Majlis course has developed a worthy reputation worldwide as a testing layout for even the best golfers. The course features hundreds of indigenous species of flora and fauna, beautifully complemented by meandering fairways and seven fresh and saltwater lakes. The Majlis, the first grass course in the Middle East, takes its name from the Arabic word for 'meeting place'. One of the most prominent features on the course is the Majlis building itself positioned between the 8th and 9th holes and a Dubai landmark since 1988.

Emirates Golf clubs – Faldo

Emirates Golf Club's second championship golf course, which opened in 1996, was named 'The Wadi', taken from the Arabic word for 'valley'. Redesigned in 2005 by golf legend and six-time major winner Nick Faldo, the course now combines a stunning visual design with the nuances and challenges of any championship course in just the right measure, providing visitors an exceptionally enjoyable golfing experience. A natural wadi running the length of the course comes in to play without being classified as a hazard, and along with Faldo's trademark tees and bunkers are combined with the naturally rugged terrain to create a unique golfing experience.
